Statement of Program Service Accomplishments						
Form 990, Part III						
Program Service Accomplishments:						
Direct Relief's mission is to improve the health of medically underserved people and those who are victims of natural disasters, war, and civil unrest. We strengthen local health efforts of our partners worldwide by providing essential medical material resources -- medicines, supplies and equipment.						
Courses of treatment provided is calculated on the actual product provided in the assistance shipment to a partner organization. A course of treatment is the recommended regimen by a manufacturer; for medicines treating a chronic condition or for an ongoing therapy (such as birth control), a one year supply is considered one course of treatment.
